Also in attendance were President Altenkirch, Mr. Mauermeyer, Board Treasurer, and Ms. Stern, Board Secretary.

The Schedule was also mailed to the City Clerk of Newark on March 16, 2007, for filing with that office and posting in such public place as designated by said Clerk.”

2. BY A MOTION DULY MADE BY MR KNAPP, SECONDED BY MR. SAMUEL AND UNANIMOUSLY PASSED, the minutes of the July 17, 2008 meeting were approved, with a correction that Board Member Cistaro is a member, but not the Chair of the Joint Committee on Investments.

9. Vice President Bloom gave an update and report on current enrollment. The total enrollment figure is 8407 as of the tenth date of the start of the semester, though corporate registrations are yet to come. This is 131 more than the previous year. The Freshman class is up; we have benefitted from an increase in transfer enrollment. The number of MS students are up, due primarily to an increased yield from new procedures which avoid bureaucracy. The new students are well distributed including among our new programs. There is an unexpected decline in continuing students in the MS population.

   Dr. Bloom discussed tactics to increase enrollment 2008-2009, including expanding recruiting area, increasing visibility of new programs, improving retention rates, increasing transfers, graduate recruiting, and corporate outreach.

10. Dr. Altenkirch updated the Board on the status of the Gateway Plan and the Greek Village. We are working with the City, who is developing a plan for the Broad Street Station area, and the Gateway project is a subset of that. Last night the Council directed the Planning Board to develop a plan, and they have 45 days to report back to the Council. The Greek Village is part of the Gateway Plan which is a subset of the Broad Street Station Redevelopment Plan. A Greek Village Task Force was formed by Dr. Bloom to address the specific issues related to planning.

11. Dr. Altenkirch also updated the Board with respect to the NCAA Certification process. The certification runs on a ten year cycle, similar to the Middle States accreditation process. We have worked internally on a Self-Study report for the past year, and have a planned NCAA peer review visit on September 21 to September 24th. The final certification is anticipated in early 2009.

12. Vice President Mauermeyer reported on the Operating Statement Year to Date, and the Schedule of Short Term Investments. With regard to tuition and fees we are monitoring receipts carefully. At this point we are at 54% of the budget, which includes summer session and continuing education, which is a little under where we should be. The add/drop period has not ended, which could effect those numbers. We are reasonably on target; retention, however, is critical. With respect to the supplemental schedule, we are on target for the budget. As for short term investments, we do not have any exposure due to the Lehman situation. The
Schedule of Investments reflects the Fall receipts and our cash portion is secure at this time.

13. Vice President Dees reported on gifts and fundraising strategies. Our giving is up 62% over the same time last year; we have had a very good year in fundraising. The resolution of the alumni association issues will hopefully increase the amount of alumni donors. He also handed out his Advancement Annual Report, and discussed the upcoming Celebration on November 14, 2008, at the Pleasantdale Chateau.

14. The Chairperson announced that the next scheduled closed session would be convened on Thursday, November 6, 2008, at 9:30 AM, at Eberhardt Hall Alumni Center Board Room, to discuss personnel, real estate and contract matters.
