

## NJIT Registration Instructions

1. Go to <https://mailsys.njit.edu/%7Eaccts/cgi-bin/new> to set-up your NJIT University Computing ID (UCID)
2. Follow the steps to identify yourself, provide basic information, create a password and accept the Use Guidelines Policy
3. Log on to Highlander Pipeline using your UCID and Password
4. Select 'Student Services'
5. Select 'Student Services' under 'Web for Students'
6. Select 'Drop and Add Courses' under 'Registration'
7. Proceed with registration

Highlander Pipeline allows students to register for classes, pay bills, view transcripts and financial aid information, and update personal information. The university will post important new and announcements through Highlander Pipeline as well as communicate with all students using the NJIT e-mail system. Students are strongly encouraged to take advantage of this official university portal.
