

Are you thinking about using a Forex card from India?

Forex cards can be beneficial for smaller purchases and having converted funds to use toward personal expenses. For large purchases, such as the tuition and fees on your student bill for the semester, Forex cards may not be your best option.

- You can use your Forex card on-line through your Highlander Pipeline account, YOU WILL PAY a 2.85% fee and any international fees from your bank.
- NJIT does NOT accept credit/debit cards in our office to pay your student account balance.
- If you lose your card, it will take over a week for a new one to be sent from your Indian bank to your new address in New Jersey.

To make your semester tuition and fees payment, **NJIT has partnered with Flywire**. Flywire allows you to pay in your home currency, and is the fastest and most convenient way to send money to NJIT from another country. Flywire also provides 24/7 customer support if you have questions about your payment.

To start your payment, please visit NJIT's payment portal at:
