

Spring 2024 - EHS Training – Updated 02/21/2024

The following is the Spring 2024 training schedule for the department of Environmental Health and Safety (EHS). If you have any questions, please email us at [healthandsafety@njit.edu](mailto:healthandsafety@njit.edu) or call us at (973) 596-3059. Additional information is available at [www.njit.edu/environmentalsafety](http://www.njit.edu/environmentalsafety).

Lab Safety Training:

Online Lab Safety Training takes approximately 2 hours to complete and is intended for returning students, faculty, and staff working in NJIT laboratories. New students, faculty, and staff working in NJIT laboratories must complete in-person training. Training is required prior to the commencement of research in NJIT laboratories. The Lab Safety Training session will cover Hazard Communication, Chemical Hygiene, Laboratory Hazards, Emergency Response, and Waste Management. Please complete all modules and the required quiz with a passing score of **70%**.

In-Person Training Dates:

Wednesday, January 17<sup>th</sup>, 2024 – 2:30-4:00 pm ————— Location: Campus Center Conference Room 215  
Wednesday, January 24<sup>th</sup>, 2024 – 2:30-4:00 pm ————— Location: Campus Center Conference Room 215 \*Virtual\*  
**Virtual Meeting Link**

Friday, January 26<sup>th</sup>, 2024 – 11:30am-1:00pm ————— Location: Campus Center Conference Room 230  
Friday, February 2<sup>nd</sup>, 2024 – 11:30am-1:00pm ————— Location: Campus Center Conference Room 230  
Wednesday, February 7<sup>th</sup>, 2024 – 2:30-4:00 pm ————— Location: Campus Center Conference Room 215  
Friday, February 9<sup>th</sup>, 2024 – 11:30am-1:00pm ————— Location: Campus Center Conference Room 230  
Friday, March 1st, 2024 11:30am-1:00pm Location: Kupfrian 117  
Friday, April 19<sup>th</sup>, 2024 11:30am-1:00pm Location: Kupfrian 117

Registration for in-person lab safety training is not required. Seating is available on a first come first serve basis. For online lab safety training registration, please email Environmental Health and Safety ([healthandsafety@njit.edu](mailto:healthandsafety@njit.edu)) and Noelle Screen-Reddick ([noelle.screen-reddick@njit.edu](mailto:noelle.screen-reddick@njit.edu)) with the following information.

Biological Safety and BBP Training:

Biological Safety and BBP Training is available for researchers and others who may handle, store, manipulate and/or dispose biologic and recombinant materials. The training provides a review of biological safety and bloodborne pathogen exposure control principles, practices, and guidelines as required by the CDC/NIH Biological Safety Guidelines (BMBL); the NIH Recombinant DNA Guidelines; and the OSHA Bloodborne Pathogens Standard. This training is required for all personnel who work with or may be potentially exposed to human blood, blood products, human tissues, human body fluids, human cells lines (including those obtained from commercial sources) as well as recombinant materials.

Please email Environmental Health and Safety ([healthandsafety@njit.edu](mailto:healthandsafety@njit.edu)) and Richard E. Arlaus ([richard.e.arlaus@njit.edu](mailto:richard.e.arlaus@njit.edu)) with the following information.

In-Person Training Dates:

Friday, January 19, 2024 from 11:00 AM to 12:20 PM      Location: Campus Center Conference Room 220  
Friday, February 2, 2024 from 11:00 AM to 12:20 PM      Location: Campus Center Conference Room 220  
Friday, February 23, 2024 from 11:00 AM to 12:20 PM      Location: Campus Center Conference Room 220  
Friday, March 22, 2024 from 11:00 AM to 12:20 PM      Location: Campus Center Conference Room 220

Laser Safety Training:

Laser safety training takes approximately 1 hour to complete and is intended for students, faculty and staff who will be working with lasers. Attendees should also attend Lab Safety Training (see above).

Laser Safety training sessions will be scheduled based on demand. Please email Environmental Health and Safety ([healthandsafety@njit.edu](mailto:healthandsafety@njit.edu)) and Payam Ghanbari ([payam.ghanbari@njit.edu](mailto:payam.ghanbari@njit.edu)) with the following information.

- Supervisor / Principal Investigator
- Training(s) Requested

Radiation Safety Training:

Radiation safety training takes approximately 1 hour to complete and is intended for students, faculty and staff who will be working with ionizing radiation generating equipment, sealed sources, or loose material of ionizing radiation (X-ray

machines, Ni63, etc.). Attendees should also attend Lab Safety Training (see above).

Radiation Safety training is offered once per year in a large classroom setting and then throughout the year in small groups as needed. Please email Environmental Health and Safety ([healthandsafety@njit.edu](mailto:healthandsafety@njit.edu)) and Payam Ghanbari ([payam.ghanbari@njit.edu](mailto:payam.ghanbari@njit.edu)) with the following information.

**Hazard Communication (HazCom) Training:**

Also known as NJ right-to-know training. The Occupational Safety & Health Administration mandate 29 CFR 1910.1200, states that organizations producing and using *hazardous materials* must provide employees with information and training on the proper handling and use of these materials. This training is covered during the first hour of Lab Safety Training (see above). This training could also be scheduled separately for individual departments. Please contact [healthandsafety@njit.edu](mailto:healthandsafety@njit.edu) regarding this training.

**Industrial and Shop Safety:**

Industrial/Shop Safety training takes approximately 1 to 1.5 hours to complete and is intended for new and returning students, faculty and staff who will be working (or taking classes) in NJIT shops or industrial settings, e.g., non-lab settings. The Shop Safety training session will cover Right to Know, Hazard Communication, General Shop Safety, Fire Safety, Electrical Safety, Emergency Response, and Universal Waste Management.

Please email Environmental Health and Safety ([healthandsafety@njit.edu](mailto:healthandsafety@njit.edu)) and Payam Ghanbari ([payam.ghanbari@njit.edu](mailto:payam.ghanbari@njit.edu)) with the following information.
