	Document Title: Chemical Hygiene Plan 29 CFR 1910.1450

APPENDIX 5: Emergency Eyewash Checklist

Environmental Health & Safety Emergency Eyewash Inspection Checklist

Please flush eyewash stations(s) **MONTHLY** and check for the following:

- Is the water clear?
- Are the jets working properly (*i.e. adequate pressure and flow pattern*)?
- Is the area around the station clear of obstructions?
- Is a sign posted identifying the location of the emergency eyewash?

For Repairs:

Contact Facilities Services: maintenance@njit.edu or submit a work order request through School Dude (<https://www.njit.edu/maintenance/>)

For Questions:

Contact Environmental Health and Safety: 973-596-3059 or healthandsafety@njit.edu

In an emergency, hold eyes open and flush for at least 15 minutes. Dial 9-1-1 and state your location as "NJIT" before providing additional details. Seek medical attention after use of emergency eyewash.
