   Please report all classroom/building problems at www.njit.edu/maintenance

V. FSIP & Other Separations (J. Bloom and E. Bishof)
   A presentation on FSIP by President J. Bloom was followed by Q&A. With the new R1 ranking, the discussion turned to how NJIT can keep the R1 status as well as encourage interdisciplinary research. It was suggested that the FS meet with the P&T committee to better understand how the P&T process can encourage that kind of behavior. Questions about why startup packages are more expensive than salaries. President Bloom stated that E. Bishof can provide the data to be shared with Faculty at a later meeting.

VI. Great Colleges Survey (B. Lazer)
   Presentation by B. Lazer is available on HR website: http://hr.njit.edu/wp-content/uploads/2019/01/GreatCollegesAllResultsNJIT2018.pdf
   B. Lazer stated there was disappointment from HR in the lack of engagement across the institution as there was not enough feedback given and many did not believe that their opinions would remain anonymous. Additional detailed information, like a breakdown along demographics, is available for senators if they reach out to R. Lazer directly.

VII. Implementation of a Freshman Seminar Course at NJIT (L. Simon)
   Presentation by D. Barger. D. Barger stressed that there are not enough academic advisors for the 30 sections, so instructional staff (Res life, Dean of students, etc.). Very few Faculty members respond to the request to participate in seminars. Questions were raised by A. Saadeghvaziri regarding the actions taken to include more faculty involvement and the need for freshmen to be provided the opportunities to interact with faculty. D. Barger agreed that there
should be a more collaborative effort with the faculty. B. Khusid question about the process for transfer students. D. Barger stated that they have their own seminar under a different director similar to ADHC honors students. M. Schwartz commented that it would be helpful if faculty were aware of the strategies from the freshman seminar so that they can also reference to students when necessary. D. Barger will share contents of each freshman seminar module. Faculty Senate VP emailed all senators this information following the meeting.
