Your Free Application for Federal Student Aid (FAFSA) was selected for review in a process called “Verification”. In this process, we will compare information from your FAFSA with the information provided on this form and other documents as necessary and if there are differences, we will make corrections. Per federal and state laws, we are required to request this information before disbursing federal and state aid. This may result in changes to your estimated financial aid awards and expected family contribution (EFC). After verification is completed, you will be notified if your estimated awards are revised.

You and parent (whose information was reported on the FAFSA) of a dependent student must complete and sign this form and submit with other requested documents to the Office of Student Financial Aid Services. All sections must be completed to avoid delays in the processing of financial aid. We may request additional information/documentation after the initial review.

☐ Based on the above statement, I (we) understand that the non-traditional family member(s) listed on the Verification Worksheet is not a qualifying member of my (our) household.
