

Summer Aid Application 2017-2018

To be eligible for summer aid, you **must** meet the following criteria:

- Be registered for summer courses and be matriculated at NJIT;
- Meet the minimum standards for financial aid Satisfactory Academic Progress (SAP), which is determined after Spring Semester grades are posted; awards will be estimated pending SAP assessment at the end of spring semester; if not passing SAP, awards will be rescinded until a successful SAP appeal is processed.
- Submit completed application to Student Financial Aid Services located in Student Mall—by May 8 for Summer Session I; by June 15 for Summer Session II.
- If you are taking courses at another institution, you must obtain a consortium agreement from NJIT to be completed by the other institution’s financial aid office and returned to NJIT.

Federal Pell Grant (undergraduates only meeting criteria below):

- If you have not used 100% Pell grant in Fall or Spring, you may be eligible for the remaining Pell during summer.
- If you have used 100% Pell grant during Fall and Spring semesters, you may be eligible for additional Pell if you are enrolled for at least 6 credits in Summer (for example, 3 credits in summer I and 3 credits in summer II).

NJIT Summer Grant (undergraduates only):

NJIT has limited grant funding to assist students in financing the cost of the summer session. Funds will be awarded based on financial need, number of applicants, and available funding.

Loans (undergraduate and graduate students):

- You must enroll for **at least 6 credits** to be eligible for loan funds. Credits taken during any summer terms are combined to determine your level of enrollment.
- If you received loan funds during the academic year, summer eligibility is limited to the grade-level maximum minus the amount already received. For example, if the grade-level maximum is \$5500, and you received \$3500 for the academic year, your maximum summer eligibility is \$2000. If you received \$5500 during the academic year, you are not eligible for a summer loan.
- Federal Direct PLUS (parent loans) and NJCLASS loans are available if you do not qualify for a direct loan.
- Loan requests must be submitted **4 weeks before** your last day of classes.
