IMPORTANT INFORMATION BEFORE YOU ATTEND!

What is the FAFSA (Free Application for Federal Student Aid)?

This is the form that every student must fill out once per year beginning October 1st. It gives the government, schools, and some scholarship foundations the necessary information to award you money for school. ***It is important to note that your child will not receive any government aid without a FAFSA being filed.*** To complete the FAFSA go to www.fafsa.gov. This application is **FREE!** If you complete it at .com or .org there could be a charge so ensure you complete it only at www.fafsa.gov.

FSA ID

An FSA ID is your username and password used to log onto and sign your FAFSA application. It can also be used to electronically sign Federal Student Aid documents and access other financial aid records. **Both Student's and Parent's will need to create their own FSA ID!**

To create a FSA ID for your self , or your parent please go online to fsaid.ed.gov

What is the IRS Data Retrieval Tool?

The IRS Data Retrieval Tool allows students and parents to access the IRS tax return information needed to complete the FAFSA and transfer the data directly into their form from the IRS website. In order to complete your FAFSA and use the ***IRS Data Retrieval Tool***, you and your parent (s) will need to have your 2017 tax return filed prior to completing a FAFSA application. If you do not use this tool, you may be asked to order an official tax transcript from the IRS.
