

NEW JERSEY FIRST ACT

The New Jersey First Act mandates that public employees be residents of the state in order to hold certain positions. The law became effective September 1, 2011 and applies to all current and newly hired NJIT employees, unless otherwise exempted.

As a new employee, you must conform to the law unless your job title is included in a report that is submitted to and approved by the State of New Jersey on an annual basis. If you do not currently reside in New Jersey, the law requires you to establish a principal residence within 365 days. Principal residence is defined as the domicile where the individual spends the majority of nonworking time; the location which is the majority of his/her domestic life; the location which is designated as the legal address and legal residence for voting.

Applications for exemptions to this law may be made to the State of New Jersey by individuals on the basis of critical need or hardship. The address to apply for an exemption is:

Office of the Chief Counsel to the Governor
State House
P.O. Box 001
Trenton, NJ 08625

CHAPTER 70

AN ACT concerning residency requirements for public officers and employees and amending R.S.52:14-7.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known and may be cited as the “New Jersey First Act.”
2. R.S.52:14-7 is amended to read as follows:

Residency requirement for State officers, employees; exceptions.

52:14-7. a. Every person holding an office, employment, or position

(1) in the Executive, Legislative, or Judicial Branch of this State, or

(2) with an authority, board, body, agency, commission, or instrumentality of the State including any State college, university, or other higher educational institution, and, to the extent consistent with law, any interstate agency to which New Jersey is a party, or

(3) with a county, municipality, or other political subdivision of the State or an authority, board, body, agency, district, commission, or instrumentality of the county, municipality, or subdivision, or

(4) with a school district or an authority, board, body, agency, commission, or instrumentality of the district,

shall have his or her principal residence in this State and shall execute such office, employment, or position.

This residency requirement shall not apply to any person (a) who is employed on a temporary or per-semester basis as a visiting professor, teacher, lecturer, or researcher by any State college, university, or other higher educational institution, or county or community college, or in a full or part-time position as a member of the faculty, the research staff, or the administrative staff by any State college, university, or other higher educational institution, or county or community college, that the college, university, or institution has included in the report required to be filed pursuant to this subsection, or (b) who is employed full-time by the State who serves in an office, employment, or position that requires the person to spend the majority of his or her working hours in a location outside of this State.

For the purposes of this subsection, a person may have at most one principal residence, and the state of a person's principal residence means the state (1) where the person spends the majority of his or her nonworking time, and (2) which is most clearly the center of his or her domestic life, and (3) which is designated as his or her legal address and legal residence for voting. The fact

that a person is domiciled in this State shall not by itself satisfy the requirement of principal residency hereunder.

A person, regardless of the office, employment, or position, who holds an office, employment, or position in this State on the effective date of P.L.2011, c.70 but does not have his or her principal residence in this State on that effective date shall not be subject to the residency requirement of this subsection while the person continues to hold office, employment, or position without a break in public service of greater than seven days.

Any person may request an exemption from the provisions of this subsection on the basis of critical need or hardship from a five-member committee hereby established to consider applications for such exemptions. The committee shall be composed of three persons appointed by the Governor, a person appointed by the Speaker of the General Assembly, and a person appointed by the President of the Senate, each of whom shall serve at the pleasure of the person making the appointment and shall have a term not to exceed five years. A vacancy on the committee shall be filled in the same manner as the original appointment was made. The Governor shall make provision to provide such clerical, secretarial and administrative support to the committee as may be necessary for it to conduct its responsibilities pursuant to this subsection.

The decision on whether to approve an application from any person shall be made by a majority vote of the members of the committee, and those voting in the affirmative shall so sign the approved application. If the committee fails to act on an application within 30 days after the receipt thereof, no exemption shall be granted and the residency requirement of this subsection shall be operative. The head of a principal department of the Executive Branch of the State government, a Justice of the Supreme Court, judge of the Superior Court and judge of any inferior court established under the laws of this State shall not be eligible to request from the committee an exemption from the provisions of this subsection.

The exemption provided in this subsection for certain persons employed by a State college, university, or other higher educational institution, or a county or community college, other than those employed on a temporary or per-semester basis as a visiting professor, teacher, lecturer, or researcher, shall apply only to those persons holding positions that the college, university, or institution has included in a report of those full or part-time positions as a member of the faculty, the research staff, or the administrative staff requiring special expertise or extraordinary qualifications in an academic, scientific, technical, professional, or medical field or in administration, that, if not exempt from the residency requirement, would seriously impede the ability of the college, university, or institution to compete successfully with similar colleges, universities, or institutions in other states. The report shall be compiled annually and shall also contain the reasons why the positions were selected for

inclusion in the report. The report shall be compiled and filed within 60 days following the effective date of P.L.2011, c.70. The report shall be reviewed, revised as necessary, and filed by January 1 of each year thereafter. Each report shall be filed with the Governor and, pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), with the Legislature, and a report may be revised at any time by filing an amendment to the report with the Governor and Legislature.

As used in this section, "school district" means any local or regional school district established pursuant to chapter 8 or chapter 13 of Title 18A of the New Jersey Statutes and any jointure commission, county vocational school, county special services district, educational services commission, educational research and demonstration center, environmental education center, and educational information and resource center.

b. If any person holding any office, employment, or other position in this State shall attempt to let, farm out or transfer such office, employment, or position or any part thereof to any person, he shall forfeit the sum of fifteen hundred dollars (\$1,500.00), to be recovered with costs by any person who shall sue for the same, one-half to the prosecutor and the other half to the treasurer for the use of the State.

c. No person shall be appointed to or hold any position in this State who has not the requisite qualifications for personally performing the duties of such position in cases where scientific engineering skill is necessary to the performance of the duties thereof.

d. Any person holding or attempting to hold an office, employment, or position in violation of this section shall be considered as illegally holding or attempting to hold the same; provided that a person holding an office, employment, or position in this State shall have one year from the time of taking the office, employment, or position to satisfy the requirement of principal residency, and if thereafter such person fails to satisfy the requirement of principal residency as defined herein with respect to any 365-day period, that person shall be deemed unqualified for holding the office, employment, or position. The Superior Court shall, in a civil action in lieu of prerogative writ, give judgment of ouster against such person, upon the complaint of any officer or citizen of the State, provided that any such complaint shall be brought within one year of the alleged 365-day period of failure to have his or her principal residence in this State.

3. This act shall take effect on the first day of the fourth month after enactment.

Approved May 17, 2011.
