THANK YOU

On behalf of President Teik C. Lim and the entire NJIT community, I am thrilled to present the newly redesigned 2023-2024 edition of our annual Honor Roll of Donors. We extend our deepest gratitude for your generosity, which has made this a record-breaking fundraising year for the university. Your unwavering support fosters a culture of excellence and innovation, providing exceptional opportunities for learning and growth to every member of our community.

As detailed in the following pages, nearly 5,000 alumni, friends, corporate partners and foundation supporters contributed approximately \$24.4 million in gifts and pledges to NJIT, the highest amount received by the university in a single year. This extraordinary achievement, made possible by our generous donors, enables NJIT to support our students as they strive to become the next generation of engineers, architects, technologists and innovators.

As we look ahead to the future of NJIT, we are excited to introduce our 2030 Strategic Plan, *NJIT Makes – An Innovation Nexus*. This plan will establish NJIT as a central hub for innovation, bringing together researchers, learners, entrepreneurs and partners from government, industry and the local Newark community. Through this bold initiative, NJIT will push the boundaries of knowledge, equipping our students with the essential skills and expertise to tackle complex challenges. By fostering a culture of creativity and collaboration, the university will advance technological and scientific progress while enriching communities worldwide.

The remarkable contributions from this year's benefactors underscore not only your enduring confidence in the value of an NJIT degree but also your belief in the future of our society. Your support signifies a shared commitment to shaping a brighter future for generations to come, where the impact of an NJIT education extends beyond our campus, leaving a lasting mark on the world. To those recognized in the following pages, thank you for partnering with NJIT during this historic fundraising year.

With gratitude and appreciation,

A handwritten signature in black ink that reads "Beth S. Kornstein".

Beth S. Kornstein
*Interim Vice President, Development & Alumni Relations
President, Foundation at NJIT*

COLTON SOCIETY

Established in 2020, the Colton Society is New Jersey Institute of Technology's premier giving society, recognizing alumni and friends whose lifetime contributions to the university exceed \$500,000. Named in honor of the founding director of Newark Technical School, Dr. Charles A. Colton, the Colton Society celebrates the spirit of innovation and achievement that has distinguished NJIT since 1881.

LEADERSHIP CIRCLE

NJIT's Leadership Circle honors donors who have generously contributed \$1,000 or more between July 1, 2023 and June 30, 2024. Members of this group have supported a diverse array of initiatives at NJIT, including the university's annual fund, athletics, scholarships and research programs. Through both unrestricted and directed contributions, Leadership Circle donors play a crucial role in advancing NJIT's mission to educate, innovate and inspire.

A Lasting Legacy: Honoring a Mother's Dedication to NJIT

Janet McIntosh Riley had a long and distinguished career at NJIT, serving as a valued administrative assistant in the J. Robert and Barbara A. Hillier College of Architecture and Design and the Department of Mechanical and Industrial Engineering. When Janet passed away in 2005, her son Darryl Riley '83 sought meaningful ways to honor her legacy. In 2007, he and his wife Katrin established the *Janet McIntosh Riley Scholarship*. This important fund, established to support engineering and architecture majors of African American descent, has been instrumental in helping determined and hardworking undergraduates achieve their dream of earning an NJIT degree. Endowed by Darryl Riley and his wife in 2023, the *Janet McIntosh Riley Scholarship* will preserve Janet's legacy of dedication and commitment to the university for generations to come.

Pitching in for Success: Parent Support Fuels NJIT's Baseball

As the parents of a former NJIT varsity baseball player (Jared Donnelly '23) Keith and Mindy Donnelly understand the essential resources student-athletes need to excel both physically and academically. Recognizing these needs, they stepped up to the plate and established the *Donnelly Family Baseball Fund* in 2023. Thanks to the generosity of the Donnelly family and dozens of other benefactors, this multi-donor fund helped the NJIT Highlanders baseball team finish the 2024 season with 26 total wins, the second-highest in the program's history.

Timothy N. Chang: Celebrating a Legacy of Excellence and Family Through a Memorial Scholarship

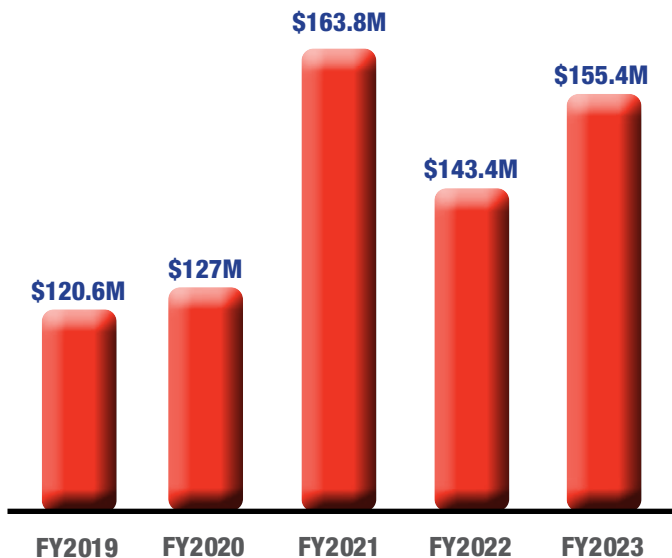

Timothy N. Chang was a beloved husband, father, renowned innovator and celebrated NJIT faculty member. Originally from Hong Kong, he immigrated to Canada before eventually settling in New Jersey. As a member of NJIT's Department of Electrical and Computer Engineering for nearly 20 years, Timothy earned numerous accolades, including recognition from the New Jersey Inventors Hall of Fame, and was named a master teacher and distinguished professor. Upon his passing in 2011, his wife Daphne established a scholarship to preserve his extraordinary legacy. Supporting talented undergraduates in the Newark College of Engineering, the *Dr. Timothy N. Chang Memorial Scholarship* empowers electrical and computer engineering majors to chart new legacies of innovation.

A Legacy of Learning: Research Awards Honoring the Parents of a Distinguished Professor

NJIT's top student researchers present their achievements each year through the Dana Knox Student Research Showcase and the Department of Mechanical and Industrial Engineering's (MIE) capstone design project course. These platforms enable students to highlight their discoveries, engage with members of the wider NJIT community and have their work evaluated by professional researchers. Rajpal Sodhi, a long-serving member of NJIT's MIE faculty, envisioned establishing two awards to celebrate these students' remarkable achievements, which led to the creation of the *Mr. and Mrs. R. S. Sodhi Prize* and the *Professor Aaron Deutschman Design Innovation Award*.

The first, named in honor of his parents, recognizes the top three undergraduate and graduate projects competing in the annual Dana Knox Showcase. The second, memorializing the late Professor Aaron Deutschman, recognizes each semester's top two undergraduate capstone projects in MIE. Sodhi's initiative in establishing these awards exemplifies the university's dedication to nurturing academic inquiry and promoting excellence among its students.

**GIVING
DAY**

Highlanders from around the globe came together on March 5 and 6 for NJIT Giving Day, an annual 24-hour event driven by teamwork and generosity. This year's event made history with record-breaking fundraising achievements, reflecting the collective dedication of the NJIT community. In a new addition to this year's festivities, students eagerly took part in a philanthropy education scavenger hunt across campus. This engaging activity not only fostered a sense of excitement and camaraderie among participants but also served as a meaningful reminder of the tangible impact of philanthropy on their educational journey. As a result, our student participation in NJIT Giving Day was significant and reflected a great sense of pride for the NJIT community.

TRIBUTE GIFTS

Each year, NJIT receives donations made in memory of or in honor of alumni, students, faculty and friends. These contributions, given to preserve a community member's legacy or celebrate their achievements, offer a meaningful way for donors to honor loved ones and colleagues. The names of those memorialized or honored through gifts to NJIT between July 1, 2023 and June 30, 2024 are listed here.

Gifts made in memory of

Frederick H. Abernathy '51
Arnold Allentuch

Lisa Pierce's Dedication Lives On: How a Memorial Scholarship is Shaping NJIT's Residence Life

If you were fortunate enough to know Lisa Pierce, you undoubtedly recognized her profound ability to transform lives in her capacity as a member of NJIT's Office of Residence Life, where she created a home away from home for countless students. Tragically, Lisa's life was cut short, and the campus community mourned the loss. To honor Lisa's extraordinary legacy, Dr. Elaine Bochniewicz '03H established the *Lisa A. Pierce Memorial Residence Life Scholarship* in 2022. This initiative, supported by friends, colleagues and NJIT alumni, provides financial assistance to individuals deeply involved in the university's Office of Residence Life, ensuring that the welcoming environment Lisa created continues to thrive on campus.

1881 SOCIETY

NJIT's planned giving benefactors play a very special role in supporting the university's growth and momentum. Individuals who make gifts in the form of trusts and annuities receive a lifetime income stream while providing financial support for the university's most pressing needs. Similarly, individuals listing NJIT as a beneficiary in their will, life insurance policy or individual retirement account support generations of future students through the creation of endowed scholarships or by funding capital improvements throughout the campus. Our planned giving benefactors are recognized as members of the 1881 Society.

For information on becoming a member of the 1881 Society, please contact Beth Kornstein, Interim Vice President for Development & Alumni Relations, at 973-596-8548 or by email at bkornste@njit.edu.

Jack Wagner '74 - Building a Better Future: The Impact of Planned Giving

In 1974, Jack Wagner earned his bachelor's degree in computer science from NJIT. This accomplishment laid the foundation for Jack's successful career and a lifelong connection to the university. Driven by a deep admiration for NJIT and a desire to give back, Jack chose to include NJIT in his estate plans by establishing the *Wagner Family Scholarship* through a bequest intention. This commitment will support hard working student-athletes involved in the NJIT community, ensuring that Jack's legacy of philanthropy will live on for decades to come.

CORPORATE AND FOUNDATION DONORS

As key university partners, corporations and foundations empower NJIT to tackle today's most pressing engineering, technical and scientific challenges. Beyond financial contributions such as outright gifts and corporate matches made between July 1, 2023, and June 30, 2024, the organizations listed below form a vital network of collaborators committed to NJIT's mission of becoming a global hub of innovation.
