#### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Overseers of

Foundation at New Jersey Institute of Technology:

We have audited the accompanying financial statements of the business-type activities of Foundation at New Jersey Institute of Technology (the Foundation), a component unit of New Jersey Institute of Technology, as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net position of the business-type activities of Foundation at New Jersey Institute of Technology as of June 30, 2015 and 2014, and the changes in its net position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

#### Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis included on pages 3 through 8 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This required supplementary information is the responsibility of management. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America. These limited procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. However, we do not express an opinion or provide any assurance on the Management's Discussion and Analysis information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis (Dollars in thousands)
June 30, 2015 and 2014

#### Introduction

The following discussion and analysis provides an analytical overview of the financial position and activities of Foundation at New Jersey Institute of Technology (the Foundation) at and for the years ended June 30, 2015 and 2014. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto, which follow this section.

The Foundation is a 501(c)(3) tax-exempt resource development organization that raises and manages funds to support the further development and growth of programs at New Jersey Institute of Technology (NJIT).

#### The Financial Statements

The Foundation's financial statements include a statement of net position at June 30, 2015 and 2014, and statements of revenues, expenses, and changes in net position and of cash flows for the years then ended. The financial statements are prepared in accordance with U.S. generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB).

#### Financial Highlights

The Foundation's financial position at June 30, 2015 and 2014 was sound, with total assets of \$104,167 and \$101,560 and total liabilities of \$979 and \$1,118, respectively. Net position, which represents the excess of the Foundation's assets over its liabilities, totaled \$103,188 and \$100,442 at June 30, 2015 and 2014, respectively. Net position increased \$2,746 and \$15,165 in fiscal years 2015 and 2014, respectively, principally resulting from additions to permanent endowments and investment income, partially offset by an operating loss.

#### **Statement of Net Position**

The statement of net position presents the Foundation's financial position at June 30, 2015 and 2014, and is summarized as follows. The summarized statement of net position at June 30, 2013 is also presented for comparative purposes.

	June 30,						
	2015	2014	2013				
Current assets	\$ 3,896	\$ 2,838	\$ 3,959				
Endowment investments	99,233	98,197	82,925				
Pledges receivable and other assets, noncurrent	1,038	525	398				
Total assets	104,167	101,560	87,282				
Annuity funds liability, current	165	198	469				
Accounts payable	2	2	-				
Annuity funds liability, noncurrent	812	918	1,536				
Total liabilities	979	1,118	2,005				
Restricted nonexpendable	67,766	64,748	58,952				
Restricted expendable	20,639	21,867	14,124				
Unrestricted	14,783	13,827	12,201				
Total net position	\$ 103,188	\$ 100,442	\$ 85,277				

Current assets consist of cash held by New Jersey Institute of Technology, pledges and other receivables, net and prepaid expenses. Current assets increased \$1,058 at June 30, 2015, as compared to June 30, 2014, as a result of an increase in cash held by New Jersey Institute of Technology and pledges and other receivables, net, partially offset by a decrease in prepaid expenses. Current assets decreased \$1,121 at June 30, 2014, as compared to June 30, 2013, as a result of a decrease in cash held by New Jersey Institute of Technology, partially offset by an increase in pledges and other receivables, net and prepaid expenses.

Endowment investments include gifts from donors that are to be invested in perpetuity, life income and annuity funds, unrestricted funds designated by management as quasi-endowment, and the related income and appreciation. Only the realized income and appreciation can be spent for the purposes specified by the donors in the gift documents. Endowment investments increased 1.1% to \$99,233 and 18.4% to \$98,197 during fiscal years 2015 and 2014, respectively, reflecting realized net investment gains and growth from new gifts, and a net decrease and a net increase in the fair value of investments at June 30, 2015 and 2014, respectively.

Management's Discussion and Analysis (Dollars in thousands)
June 30, 2015 and 2014

Total liabilities consist of the current and noncurrent portions of annuity funds liability and accounts payable. Liabilities decreased \$139 at June 30, 2015, as compared to June 30, 2014, primarily due to annuity payments and annuity maturities, partially offset by a net gain on investments and an adjustment of the liability to present value. Liabilities decreased \$887 at June 30, 2014, as compared to June 30, 2013, primarily due to annuity maturities, an adjustment of the annuity liability to present value, and annuity payments, partially offset by a net gain on investments and new annuity agreements.

Restricted net position represents the original value of additions to the Foundation's endowment, the remainder of life income and annuity funds, gifts that are restricted to use for specific purposes by the donor, endowment income, and other restricted resources. As discussed above, endowment funds represent gifts from donors that are to be invested in perpetuity. Life income and annuity funds are given to the Foundation to be invested with the stipulation that the Foundation pay an agreed-upon sum to designated individuals for a period of time or for the beneficiary's lifetime, after which period the remaining funds become part of the Foundation's endowment or are used for the purpose designated by the donor.

At June 30, 2015 and 2014, restricted net position is composed of the following. The components of restricted net position at June 30, 2013 are also presented for comparative purposes.

	June 30,							
		2015		2014		2013		
Nonexpendable:

Restricted net position increased \$1,790 and \$13,539 during fiscal years 2015 and 2014, respectively, principally due to gifts and bequests, additions to permanent endowments, and investment income, partially offset by operating expenses.

Management's Discussion and Analysis (Dollars in thousands)
June 30, 2015 and 2014

The unrestricted component of net position is all other net position that is available for general operations. Unrestricted net position increased \$956 and \$1,626 during fiscal years 2015 and 2014, respectively, principally due to gifts and bequests and investment income, partially offset by operating expenses. Even though unrestricted net position is not subject to external restrictions, management has designated a portion of the unrestricted net position for the following specified purposes. The components of unrestricted net position at June 30, 2013 are also presented for comparative purposes.

	June 30,								
		2015		2014		2013			
Designated unrestricted net position:	·

## Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position presents the operating results and the nonoperating and other revenues of the Foundation.

The components of revenues for the fiscal years ended June 30, 2015 and 2014 are as follows. The components of revenues for the fiscal year ended June 30, 2013 are also presented for comparative purposes.

	2015		2014		2013

Management's Discussion and Analysis (Dollars in thousands)
June 30, 2015 and 2014

Private support from corporations, foundations, alumni, and other donors is the major factor in the Foundation's growth and development. Gifts and bequests totaled \$5,269 and \$5,024 for the fiscal years ended June 30, 2015 and 2014, respectively. Additions to permanent endowments were \$2,971 and \$4,921, including \$82 and \$230 from annuity maturities, in fiscal years 2015 and 2014, respectively.

In fiscal year 2015, NJIT donated \$2,018 of services, composed of the salaries and fringe benefits of fundraising employees, to the Foundation.

In fiscal year 2015, the Foundation received a \$300 grant and \$120 in gifts on behalf of New Jersey Innovation Institute, Inc. (NJII), a component unit of NJIT.

Investment income includes interest and dividends, realized net gain on sale of investments, and net (decrease) increase in the fair value of investments. During fiscal years 2015 and 2014, investment income of \$1,634 and \$13,200, respectively, was due to realized net gain on sale of investments, interest and dividends, and a net decrease and a net increase in the fair value of investments at June 30, 2015 and 2014, respectively.

The components of operating expenses for the fiscal years ended June 30, 2015 and 2014 are as follows. The components of operating expenses for the fiscal year ended June 30, 2013 are also presented for comparative purposes.

	2015		2014		2013	
Operating expenses:						
Grants to New Jersey Institute of Technology	\$	6,216	\$	5,364	\$	5,225
Grants to New Jersey Innovation Institute, Inc.		420		-		-
Grants to New Jersey Institute of Technology						
student Greek organizations		153		208		-
Fundraising		2,516		2,239		2,072
Administration		196		189		240
Total operating expenses	\$	9,501	\$	8,000	\$	7,537

Operating expenses increased 18.8% and 6.1% to \$9,501 and \$8,000 in fiscal years 2015 and 2014, respectively.

Grants to NJIT, consisting of grants for scholarships and fellowships to NJIT students, instructional and other purposes, and construction, comprised 65.4% and 67.0% of total operating expenses in fiscal years 2015 and 2014, respectively. The recipients of the grants are determined by NJIT, in accordance with donor and other restrictions. The fiscal year 2015 increase of \$852 principally relates to increases in construction and scholarship and fellowship grants, partially offset by a decrease in instructional and other grants. The fiscal year 2014 increase of \$139 principally relates to an increase in instructional and other grants, partially offset by a decrease in construction grants.

(continued)

Management's Discussion and Analysis (Dollars in thousands)
June 30, 2015 and 2014

Grants to NJII, comprising 4.4% of total operating expenses in fiscal year 2015, were made from a grant and gifts received for the benefit of NJII programs.

Grants to NJIT student Greek organizations, comprising 1.6% and 2.6% of total operating expenses in fiscal years 2015 and 2014, respectively, were made from gifts received for the benefit of specific student Greek organizations, and consist of grants for construction and furnishing of the educational areas of their chapter houses.

Fundraising expense comprised 26.5% and 28.0% of total operating expenses in fiscal years 2015 and 2014, respectively. The fiscal year 2015 and 2014 increases of \$277 and \$167, respectively, principally relate to an increase in personnel costs, partially offset by a reduction of event costs.

Administration expense comprised 2.1% and 2.4% of total operating expenses in fiscal years 2015 and 2014, respectively. The fiscal year 2015 expense remained relatively constant after decreasing \$51 in fiscal year 2014.

#### **Summary and Outlook**

The Foundation's purpose is to raise and manage funds to support the further development and growth of programs at NJIT. The Foundation's fundraising activities are successful and have created a significant endowment which will generate grants to NJIT for many years. During fiscal year 2015, the Foundation's fundraising efforts generated gifts and bequests of \$5,269 and additions to permanent endowments of \$2,971. It is management's intention to continue to place a significant emphasis on fundraising efforts.

The Foundation's endowment is prudently managed, with a broad-based asset allocation. The Foundation's endowment investment strategy is designed to maintain purchasing power of pooled endowment fund assets, with an emphasis on total return. A group of managers each focused on their sector of the asset allocation, limited exposure to sub-prime investments, and use of alternative investments, including timber, to implement the investment strategy have, to date, been reasonably effective. The endowment spending policy provides for appropriate funding of donors' purposes.

Grants made from the Foundation's restricted and unrestricted funds totaled \$6,789 in fiscal year 2015. Unrestricted net position totaled \$14,783 at June 30, 2015, of which \$13,396 is designated for future grants to NJIT.

The Foundation's management believes that the Foundation is in sound financial condition and is properly positioned to continue to pursue its goal of supporting the further development and growth of programs at NJIT.

Notes to Financial Statements (Dollars in thousands)
June 30, 2015 and 2014

#### 1. Organization and Summary of Significant Accounting Polices

Foundation at New Jersey Institute of Technology (the Foundation) is a resource development organization that has as its goal the support of the further development and growth of programs at New Jersey Institute of Technology (NJIT). The Foundation encourages private philanthropy on behalf of NJIT. Outstanding leaders from industry serve as Overseers of the Foundation and provide a vital link with the private sector.

Pursuant to the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, the Foundation, because of the significance of its operational and financial relationships with NJIT and because it exclusively benefits NJIT and its constituents, is considered to be a blended component unit of NJIT (collectively, the University) for financial reporting purposes. Accordingly, its financial statements are included in the financial statements of the University, which are included in the Comprehensive Annual Financial Report of the State of New Jersey (the State).

#### (a) Basis of Presentation

The Foundation's financial statements have been prepared on the accrual basis of accounting using the economic resources measurement focus, in accordance with U.S. generally accepted accounting principles as promulgated by the GASB.

### (b) Use of Estimates

The financial statements include estimates and assumptions that affect the reported amounts of assets and liabilities at the statement of net position dates, as well as the reported amounts of revenues and expenses for the fiscal years then ended. Actual results could differ from those estimates.

#### (c) Cash held by New Jersey Institute of Technology

The Foundation participates in a cash pooling arrangement with NJIT, which functions as its fiduciary agent. Cash balances due to the Foundation pursuant to this arrangement are included in cash held by New Jersey Institute of Technology in the statement of net position.

### (d) Endowment Investments

Investments in marketable equity securities, debt instruments, and mutual funds are carried at fair value, based on quoted market prices. Hedge and other investment funds are carried at estimated fair value based on the net asset values reported by the fund managers, which are reviewed by management for reasonableness. Those estimated fair values may differ from the values that would have been used had a ready market for these securities existed.

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, changes in the values of investment securities could occur. Such changes could materially affect the amounts reported in the statement of net position.

Notes to Financial Statements (Dollars in thousands)
June 30, 2015 and 2014

#### (e) Classification of Net Position

The Foundation classifies its resources into two net position categories:

• Restricted nonexpendable net position is comprised of endowment and life income and annuity funds. Endowments are subject to restrictions of gift instruments requiring that the principal be invested in perpetuity. Life income and annuity funds consist of annuity and unitrust funds which are given to the Foundation to be invested with the stipulation that the Foundation pay an agreed-upon sum to designated individuals for a period of time or for the beneficiary's lifetime. At the termination of the agreement, the remaining funds either become part of the Foundation's endowment or are used for the purpose designated by the donor.

Restricted expendable net position includes gifts that are restricted to use for specific purposes by the donor, endowment income and appreciation, and other restricted resources. Funds that are restricted are utilized only for the specified purposes.

• Unrestricted net position is derived principally from gifts and bequests and investment income, and is spent to meet the objectives of the Foundation. The Foundation designates portions of its unrestricted net position for certain specific purposes (see Note 7).

The Foundation's policy is to first utilize available restricted expendable, and then unrestricted, resources in the conduct of its operations.

#### (f) Classification of Revenue

Operating revenues are those that result from the Foundation's principal purpose of fundraising, and are generally associated with nonexchange transactions. Nonoperating revenues, which consist of exchange transactions, generally result from investment income. Other revenues are those that result from the Foundation's fundraising efforts to provide funding for additions to permanent endowments, and are generally associated with nonexchange transactions.

### (g) Revenue Recognition

Gifts and bequests are recorded upon their receipt by the Foundation. Pledges, other than endowment, are recognized as gift income and recorded at their present value. Additions to permanent endowments are recognized upon their receipt.

Investment income, which includes interest, dividends, and realized and unrealized gains and losses, is recognized on the accrual basis. Gains and losses on investments are determined using specific identification, except for mutual funds, which are based on average cost.

- 13 - (continued)

Notes to Financial Statements (Dollars in thousands)
June 30, 2015 and 2014

#### (h) Tax Status

The Foundation has received a determination letter from the Internal Revenue Service stating that it is an organization as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and, therefore, is exempt from Federal income taxes under Section 501(a) of the Code on income generated by activities that are substantially related to its tax-exempt purpose.

#### 2. Cash Held by New Jersey Institute of Technology and Endowment Investments

Cash held by NJIT is invested in money market funds totaling \$2,915 and \$2,297 at cost and fair value at June 30, 2015 and 2014, respectively.

The cost and fair value of endowment investments are as follows:

Endowment investments totaling \$3,876 and \$3,918 at fair value (\$3,393 and \$3,385 at cost) at June 30, 2015 and 2014, respectively, are held and administered by external trustees, while the remainder are held and administered by the Foundation.

Hedge and other investment funds are comprised of directional and multi-strategy funds and private equity, real estate, commodity, and timber funds. The Foundation has committed to invest an additional \$3,039 in these funds over the next several fiscal years.

The Foundation invests its endowment funds in accordance with applicable limitations set forth in gift instruments or guidelines established by its Board of Overseers and NJIT's Board of Trustees. The Foundation's investment strategy is to maintain purchasing power of pooled endowment fund assets, with an emphasis on total return. The following are the Foundation's aggregate allocation guidelines by asset class: equities, up to 70%; real assets, up to 20%; multistrategy hedges, up to 25%; and fixed income instruments, up to 35%. There are further allocation guidelines for specific investment categories within each asset class. The Foundation may also invest in below investment grade bonds as equity substitutes within the overall allocation for equities.

June 30, 2015 and 2014

Custodial credit risk - deposits is the risk that, in the event of the failure of a depository financial institution, NJIT, and consequently the Foundation, will not be able to recover deposits that are in that institution's possession. The University's investment policy does not address custodial credit risk - deposits. At June 30, 2015 and 2014, \$841 and \$539 of NJIT's cash and cash equivalents are insured by the Federal Deposit Insurance Corporation (FDIC), and \$500 and \$548 of NJIT's money market funds are insured by the Securities Investor Protection Corporation (SIPC), respectively; amounts in excess are neither collateralized nor insured.

Custodial credit risk - investments is the risk that, in the event of the failure of a counterparty, the Foundation will not be able to recover the value of the investments that are in that counterparty's possession. The University's investment policy does not address custodial credit risk - investments. The Foundation's investment securities are exposed to custodial credit risk if the securities are uninsured and unregistered and held by the counterparty, or by its trust department or agent, but not in the Foundation's name. Endowment investments totaling \$95,357 and \$94,279 at June 30, 2015 and 2014, respectively, are either insured or held by the Foundation or its agent in the Foundation's name.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University's investment policy places no limitation on the ratings for debt instruments. U.S. Treasury and government agency bonds are considered to have no credit risk. The money market funds and mutual bond funds included in the Foundation's investment portfolio are not rated. The Foundation's investments in corporate debt securities are rated as follows by Standard & Poor's:

			Jur	ne 30,		
	Rating		2015		2014	
		_	_			
Corporate debt securities	AA+	\$	9	\$	6

Endowment investment pool units are assigned to new gifts based upon the fair value of the pool at the end of the quarter in which the gifts are received. There were 408,426 and 395,303 pool units with a fair value per pool unit of \$224.47 and \$228.95 at June 30, 2015 and 2014, respectively. For the years ended June 30, 2015 and 2014, the average return for the endowment investment pool was 1.6% and 17.6%, respectively.

The spending policy for endowment funds requires an annual calculation based on a three year rolling average of the fair value per pool unit. The spending rates for the years ended June 30, 2015 and 2014 were 5.0% and 5.2%, respectively. The Foundation complies with the State's "Uniform Prudent Management of Institutional Funds Act", which governs the management and use of funds held by it.

### 4. Annuity Funds Liability

Life income and annuity funds are composed of gift annuities and charitable remainder unitrusts (Unitrusts). These funds are given to the Foundation to be invested with the stipulation that the Foundation pay an agreed-upon sum to designated individuals for a period of time or for the beneficiary's lifetime. At the termination of the agreement, the remaining funds become part of the Foundation's endowment or are used for the purpose designated by the donor.

**Notes to Financial Statements** (Dollars in thousands) June 30, 2015 and 2014

The present value of the annuity funds liability was as follows at June 30:
