**PANDEMIC SUPPLIES and RESOURCES (PSR)**

Due to the Pandemic supplies have become scarce and in some instances there are limits on the quantities per customer and order. Due to the availability issues we thought that it would be easier to offer a selection of suppliers that are connected in eMerchant and have either a punch-out or hosted catalog. The grid below is to be used as a guide for suppliers as well as an average price for the item to avoid price gouging. You may also want to check availability with suppliers prior to submitting requisitions.

**NJIT GENERAL**

• $23.96/ pack of 100  
• $10.44/ pack of 100 | 734096 |
Masks recommended type: disposable surgical masks, dust masks, or procedure masks. N95 masks are a respirator type of mask and are allowable in only a very small number of applications and require special training and approval by EHS. The use of N95 & KN95 shall be pre-approved by EHS. Training by EHS is required.
