

# 2023 SCHOLARSHIP PROGRAM

The NJ Chapter of Professional Women in Construction is pleased to offer a scholarship program to support the next generation of women pursuing degrees in STEM, architecture, engineering, and construction-related industries.

## Scholarship Information

A minimum of (2) scholarships starting at \$2,500 will be awarded to female high school seniors and/or full-time college or trade school students pursuing an undergraduate degree in STEM or AEC-related fields. Payments will be made directly to the school. Successful candidates will be notified in the Spring and should plan to attend the PWCNJ Women of Achievement Luncheon on May 17, 2023 to be recognized for their achievements.

## Eligibility Criteria

- Applicant must be a female high school senior or a full-time college or trade school student.
  - College student eligibility requirement: one completed semester at an accredited college.
- Applicant must be enrolled to earn a degree or certificate in a STEM, architecture, engineering, or construction-related field.
- Applicant must be a New Jersey resident or be sponsored by a PWCNJ member or member firm.

## Important Dates

- January 23, 2023: Applications Open
- March 23, 2023: Final Deadline to Apply
- March 31, 2023: Awardees Determined by Selection Committee
- May 17, 2023: Scholarship Presentation at PWCNJ's Women of Achievement Luncheon in Jersey City, NJ
