- I understand after my SEVIS record is terminated it cannot be reactivated.
- I understand after my SEVIS record is terminated the F-2 I-20 will no longer be valid for reentry.
- I understand that if circumstances change it would be necessary for the F-1 Student to request a new dependent I-20 document to be used for reentry to the United States and a new I-94 received granting the F-2 status. In this circumstance, the necessary supporting documents would need to be submitted to OGI to have a new I-20 issued.
