

Report: Graduating Student Survey

Spring 2006

August 2006

Office of Institutional Research and Planning
New Jersey Institute of Technology

Executive Summary:

On a five point scale (5=high, 1=low), both undergraduate and graduate graduates rated NJIT highly. Undergraduates rated all Goals and Knowledge and Skills items above a mean of 3.5.

Compared to last year, the job market improved for both undergraduate and graduates. Forty-five of undergraduate graduates reported full-time employment, a 7% rise from Spring 2005. The percentage of undergraduates making \$70,000 and above more than doubled (6% in 2005 to 13% in 2006). The positive job environment lead to a 9% decrease in those stating that they would attend graduate school this year.

Fifty-one percent of graduate graduates reported full-time employment, a 5% rise from Spring 2005. There was a 7% increase in graduate graduates obtaining a new job.
