

INSPIRING YOUNG MINDS FOR COLLEGE ACCESS AND SUCCESS IN

SCIENCE, TECHNOLOGY, ENGINEERING AND MATHEMATICS (STEM)

2023 Forensic Science Professional Development

You're invited to join our 2023 Forensic Science Professional Development cohort for teachers who will be teaching for dual enrollment credit our foundation course, FRSC 201 *Introduction to Forensic Science*.

The 11-Day On-Campus Program Features:

- Hands-on professional development in Forensic Biology, Chemistry and CSI techniques
- Curriculum mapping our syllabus to individual school's needs to ensure that students receive an authentic college experience
- Creation of cornerstone lessons for each major topic in the syllabus

All in a collaborative model praised by previous participants!

Program Information:

- Cohort limited to 18 teachers
- Stipend for full participation
- Light breakfast, lunch, parking, materials, and PD certificate included
- Access to our library of customized gap and flipped lessons
- Teachers meet on campus twice during 2023-24 academic year
- Requires an MOU between NJIT and school

Program Dates:

- NJ Forensic Science Education Conference June 26, 27, 28 - registration fee waived
- July 10, 11, 12, 13, 24, 25, 26, 27 collaborative work on campus
