Providing Technical Assistance to Brownfield Communities since 2008

NJIT TAB TIMES

October 22, 2018

2018 Pennsylvania Brownfields Conference

The event included mobile workshops and a variety of sessions such as:

- Brownfields to Playfields
- Redeveloping Brownfields with Art, Entertainment and Innovation
- Community Involvement
- Planning for Smart Growth
- Environmental Justice for All
- TIF Trends: Policy & Practice
- Green Infrastructure on Brownfields

NJIT TAB partnered with the Pennsylvania Department of Environmental Protection and the Engineers' Society of Western Pennsylvania to assist in planning and implementation of the 2018 Pennsylvania Brownfields Conference.

The 3-day event was held from October 1 - 3, 2018 at the Sands Casino, which is former Brownfields site, in Bethlehem, PA. The conference drew over 400 attendees from federal, state, and local governments (including EPA); community groups; higher education; professional organizations; and laboratories, as well as attorneys, developers, and contractors.

As a member of the Technical Committee, NJIT TAB assisted with the development of session topics, identification of speakers, and promotion of the event.

NJIT TAB also developed and facilitated pre- and post- conference workshops (All EPA Brownfield Grantee meeting and Grant Writing Workshop) in association with the conference.
