## Alabama Department of Environmental Management (ADEM) Redevelopment Partnership Workshop

engage with various brownfield partners in an effort to strengthen redevelopment in their communities.

Approximately 25 people attended the event. The audience consisted of municipal officials and nonprofit organizations.

NJIT TAB staffed the resource table at the event and provided information, guidance, and advice to communities on how to create a path to sustainable revitalization.

NJIT TAB participated in ADEM's Redevelopment Partnership Workshop on September 28, 2018, which was held as a post-conference event in connection with the Southeast Brownfields Conference.

The goal of the workshop was to provide an opportunity for municipalities and non-profits to
