NJIT TAB to Conduct EPA Grantee Consultant Procurement Webinar! “How to Get the Right Contractor on Board”

NJIT TAB will be presenting a webinar on December 11, 2015 that provides guidance to ARC Grantees on how to procure a consultant. The webinar will be hosted and presented by representatives from NJIT’s TAB Team of Experts. Procuring the right consultant for a brownfield project can be a challenging undertaking, especially knowing how to find the one that best fits a particular project’s needs. It is also vital that entities undertaking this process have a clear understanding of the New USEPA Uniform Administrative Requirements that apply to USEPA ARC Grantees. To assist in this undertaking, NJIT’s TAB Team of Experts will discuss a number of topics including:

- New Uniform Administrative Requirements
- Procurement: Construction, Equipment, Supplies, and Services
- Purchasing Guidelines
- Micro and Small Purchases
- Competitive Sealed Bids
- Competitive Proposals & Non-Competitive Proposals (sole source)
- Competition and Political Realities
- Crafting a Professional Services Solicitation
- Evaluating a Professional Services Solicitation
