NJIT TAB Leads Introduction to Brownfields Redevelopment Seminar for Kentucky Energy & Environment Cabinet Staff

The seminar educated KY Energy & Environment Cabinet staff and increased their capacity to propel brownfield redevelopment projects to successful fruition. NJIT TAB, EPA Region 4, and Elizabeth McNulty from the Kentucky Brownfield Program discussed topics including:

- NJIT TAB resources
- Finding a Common Path Between Brownfields and Different Divisional Programs
- QAPPs
- Working with Developer's - Perspective with Brownfields
- Federal Funding Programs (beyond the usual)
- Brownfield Case Studies

Approximately 13 people attended this seminar.

NJIT TAB coordinated with the KY Brownfields Program to design and implement the September 5, 2019 *"Introduction to Brownfields Redevelopment"* Seminar for Kentucky Energy & Environment Cabinet Staff. NJIT TAB partnered with USEPA Region 4 and the KY Brownfields Program to provide an overview of brownfield topics specifically tailored for new staff and staff from adjacent programs (such as Superfund).
