“NJIT TAB Conducts Virtual Workshop for TJCOG Communities”

NJIT TAB, alongside EPA Region 4, the North Carolina Department of Environmental Quality, and Triangle J Council of Governments (TJCOG) conducted a “Brownfields 101” virtual workshop on September 29, 2020.

The “Brownfields 101” virtual workshop served as an introduction to brownfield redevelopment for municipalities and non-profits within the Triangle J area.

The workshop focused on explaining the brownfield redevelopment process, and provided tips for participating in community engagement activities as well as highlighting successful brownfield projects and their funding strategies.

Triangle J Council of Governments

NJIT TAB and partners at the workshop also covered the following topics:

- NCDEQ VCP program;
- Brownfield redevelopment impact and benefits for the community;
- Overview of the brownfield assessment, remediation, and redevelopment processes;
- State and Federal funding sources.

NJIT TAB facilitated and hosted the webinar, developed the agenda, and served as a speaker for the event. The webinar’s participants consisted of municipal officials, non-profits, and TJCOG staff.
