NJIT TAB Conducts Virtual New Grantee Meeting in Region 3

NJIT TAB, alongside EPA Region 3, and AMO Environmental conducted a virtual New Grantee meeting on February 10, 2021.

The meeting served as an opportunity to educate new grantees about NJIT TAB services, introduce them to the ACRES reporting system, and hear from past grantees about their successes and failures.

The past grantees highlighted the need for open communication with their EPA project officers, especially during the pandemic, to ensure their brownfield projects get completed.

NJIT TAB and partners at the workshop also covered the following topics:

- Managing turnover;
- Choosing contractors;
- TAB services;

- Managing a grant during COVID
- Region 3 initiatives and programs

NJIT TAB facilitated the meeting, hosted the webinar, developed the agenda, and served as a speaker for the event.

Approximately 10 participants joined the meeting and were from the Virginia and Delaware area.
