August 04, 2020

“DNREC Brownfield Grant Writing Webinar”

NJIT TAB served as the expert speaker and presenter for the grant writing session alongside EPA Region 3 at the Delaware Department of Natural Resources and Environmental Control (DNREC) grant writing webinar on August 4, 2020.

The objective of this webinar was to provide participants with helpful hints and tips to writing an EPA brownfield grant application. In addition, the session served as a reminder for communities to get started on compiling their applications before the guidelines are released as well as answer frequently asked questions from prospective grantees. Additionally, participants were given the opportunity to connect with NJIT TAB and ask questions about the grant application process. Questions from the audience were from the following topics:

- Grant eligibility
- Grant timeline; and
- Grant critique services.

NJIT TAB facilitated the webinar, developed the agenda, and served as a speaker for the event. Approximately 30 participants joined the webinar. The audience consisted of municipal officials, non-profits, consultants, and tribal organizations .

One participant said "It (the webinar) was a good comprehensive overview or current or upcoming grant funded opportunities."
